HOW IT WORKS

This term, our school is taking part in the Travel to Tokyo challenge from Team GB, ParalympicsGB and Sport England.

The challenge uses the inspiration of the Tokyo 2020 Olympic and Paralympic Games to help children, families and schools to try new things, get active together and have fun.

We will create teams for each class. Ask your child for their team name.

Families get involved by getting active together.

Aiming for 10-30 minutes a day at home.

Logging activity online to win school and take-home prizes!

Discovering activities you enjoy together.

Trying to breathe faster and get hot and sweaty!

Liverpool City Council
